SEI BULLETIN - October 4, 2017

SATURN 2018 Opens Call for Submissions

SATURN is the leading conference for software architecture practitioners who look beyond the details of today's technologies to the underlying trends, techniques, and principles that underpin lasting success in our fast-moving field. SATURN 2018 will be held May 7-10 in Plano, Texas. SATURN attracts attendees from many domains and technical communities who share interests in both practice and research. This unique mix makes it the best place to learn, exchange ideas, and find collaborators at the leading edge of modern software architecture practice.

We are now accepting submissions for the SATURN 2018 technical program. Registration will open in December.

Learn more about SATURN 2018.

ABOUT THE SEI BULLETIN

The SEI Bulletin is a biweekly newsletter designed to keep you up to date on SEI news, events, research, and other matters of interest to the SEI community. We hope you find the SEI Bulletin useful and informative.

SEND US YOUR STORY

Do you have a story about how an SEI technology has positively affected your team or organization? If so, the SEI would like to hear about it. Send a short summary of your success to info@sei.cmu.edu and you could be featured in a future issue of the SEI Bulletin.
