SEI's CERT Division to Host National Insider Threat Center (NITC) Symposium 2019

The SEI's CERT National Insider Threat Center (NITC) will host the Sixth Annual Insider Threat Symposium on May 10 in Arlington, Va. This year's theme is "Addressing the Challenges of Maturing an Insider Threat (Risk) Program."

"This symposium is for insider threat practitioners to come together and share experiences with maturing their programs, both their setbacks and their successes," said Randy Trzeciak, director of the CERT NITC.

About the SEI Bulletin

The SEI Bulletin is a biweekly newsletter designed to keep you up to date on SEI news, events, research, and other matters of interest to the SEI community. We hope you find the SEI Bulletin useful and informative.

Send Us Your Story

Do you have a story about how an SEI technology has positively affected your team or organization? If so, the SEI would like to hear about it. Send a short summary of your success to info@sei.cmu.edu, and you could be featured in a future issue of the SEI Bulletin.
