New SEI Book on Managing Technical Debt

New SEI Book *Managing Technical Debt* Published

The book, which is now available from Addison-Wesley Professional, was written by Philippe Kruchten, a professor of software engineering at the University of British Columbia in Vancouver, and senior members of the SEI's technical staff Robert Nord and Ipek Ozkaya (pictured above).

Read the blog post, *Managing the Consequences of Technical Debt: 5 Stories from the Field*, which is an excerpt from the book.

About the SEI Bulletin
The SEI Bulletin is a biweekly newsletter designed to keep you up to date on SEI news, events, research, and other matters of interest to the SEI community. We hope you find the SEI Bulletin useful and
informative.

**Send Us Your Story**

Do you have a story about how an SEI technology has positively affected your team or organization? If so, the SEI would like to hear about it. Send a short summary of your success to info@sei.cmu.edu, and you could be featured in a future issue of the SEI Bulletin.
