SEI Bulletin — February 19, 2020

## SATURN 2020 Conference Announces Program and Speakers

The SEI Architecture Technology User Network (SATURN) 2020 Conference recently announced its full [technical program](#). The four-day event will feature more than 40 courses, tutorials, keynote addresses, invited talks, experience reports, and technical talks by software architecture experts from around the world. [SATURN 2020](#) will be held May 11-14 in Orlando, Florida.

The technical program covers architecture design, microservice architecture, DevOps, Internet of Things (IoT), mobile apps, edge computing, device data management, technical debt, and more. [Yuanyuan \(YY\) Zhou](#), the Qualcomm Chair Professor in Mobile Computing at the University of California, San Diego (UCSD), will deliver the first keynote address, “The Human Dimension of Cloud Computing.” The second keynote speaker will be [Chris Bergh](#), head chef, CEO, and founder of DataOps firm DataKitchen, who will deliver “Your Data Nerd Friends Need You!”

[Registration](#) for SATURN 2020 is now open.

## About the SEI Bulletin

The SEI Bulletin is a biweekly newsletter designed to keep you up to date on SEI news, events, research, and other matters of interest to the SEI community. We hope you find the SEI Bulletin useful and informative.

## Send Us Your Story

Do you have a story about how an SEI technology has positively affected your team or organization? If so, the SEI would like to hear about it. Send a short summary of your success to [info@sei.cmu.edu](mailto:info@sei.cmu.edu), and you could be

---

featured in a future issue of the SEI Bulletin.
