Zero Trust Industry Days 2023
Calls for Presenters

August 16, 2023—The SEI is hosting Zero Trust Industry Days 2023 to collect information from those who develop solutions for implementing a zero trust architecture. The hybrid event takes place October 25-26 virtually and at the SEI in Pittsburgh, Pennsylvania. The SEI invites providers of zero trust solutions to apply to present at the event by September 22.

Zero Trust Industry Days is a request-for-information exercise focusing on how organizations can comply with federal cybersecurity guidance. Presenters will contribute their ideas, solutions, and experiences for helping organizations form a zero trust implementation that meets their mission goals, budget, and time frame.
